GTS APPOINTS NEW SENIOR ACCOUNT EXECUTIVE

FRAMINGHAM, MA (March 26, 2018) - Global Technology Systems, Inc. (GTS) is pleased to announce the appointment of Mr. Lance Williams to the role of enterprise sales team "**Senior Account Executive**".

Mr. Williams comes to GTS from both sales and service positions at Zebra Technologies, ECS Refining and NCR Corporation. At Zebra, Lance spearheaded the staffing, training and implementation of the first Zebra Technologies Major Account Team in Bentonville, Arkansas. In this role, Mr. Williams provided solution service support for major retail and distribution centers around the world.

During his time at NCR, Mr. Williams was a Chairman's Award Winner, having achieved the highest attainment of revenue to plan within the company. Additionally, he led a multi-vendor service support team, working with over 3,000 NCR field associates.

Larry Murray, GTS CEO, stated, "Lance has excellent large and complex sales and service experience in the retail and logistics mobility industries. ... I expect that Lance's proven solution-based sales success, global account management experience, customer service skills, and high-energy enthusiasm will greatly enhance our enterprise sales efforts."

Mr. Williams' educational background includes a Bachelor's Degree in Business Management from the University of Phoenix. He currently resides lives in Bentonville, Arkansas and is an avid Arkansas Razorbacks and Pittsburgh Steelers fan.

About Global Technology Systems, Inc.

For nearly two decades the GTS mission has been to provide the most advanced mobile device batteries and chargers to organizations worldwide so that they can be more productive and have the highest quality mobile power available. At the same time, we help our clients manage these assets and control the costs of their mobile device operations. GTS offers and develops many new technologies and services to make mobile device power more efficient like innovations such as: Test & Replace™, Battery Coloring™ and BaaS (Batteries as a Service).
